

## BRITISH SUBMARINES WREAK HAVOC IN BALTIC

Reported to Have Paralyzed Trade  
Between Sweden and  
Germany.

STOCKHOLM, October 12, via London, October 13.—Activity of British submarines in the southern Baltic has virtually paralyzed what hitherto has been a lively mercantile trade between Sweden and Germany. All along the Swedish coast steamers have been stopped, and submarines frequently have been reported in the lanes followed by big German steamships.

Within the last twenty-four hours six vessels of considerable tonnage have been sunk. They were the Lulea, Germania, Nicomedia, Gutruene, Walter Leonhardt and one other, the name of which is not yet known. The Germania was chased ashore and shot at from the submarine E-19. When the crew retreated, it was hastily abandoned the steamer, it was found she had been boarded by British sailors and partly demolished by dynamite.

There are reports of more German ships being torpedoed. The ferries of the Swedish railway from Treleborg to Sassnitz have been replaced by reserve steamers.

**Causing Great Losses.**  
COPENHAGEN, via London, October 13.—The Politiken says that British submarines in the Baltic are causing the German mercantile fleet great losses.

"Five steamers are now known to have been sunk," says the newspaper. "How many British submarines have got through the narrow sound is not known, but it is evident that Germany was too late in laying the Baltic mine fields."

Traffic across the Baltic, the Politiken adds, is in a state of disorganization.

**Steamer Nicomedia Sunk.**  
KALMAR, Sweden, October 13.—The German steamer Nicomedia, with a cargo of 8,500 tons of iron ore from a Swedish port for Hamburg, was sunk in the Baltic yesterday by the British submarine E-19.

The Nicomedia was sunk off the southern point of Oland, a Swedish island which Kalmar sound separates from the mainland. The steamer was given fifteen minutes to take to the boats. It is reported that they all landed safely.

The German steamer Nicomedia belonged to the Hamburg-American line. She was 4,351 tons gross, 38 feet in length and was built in 1901. The British submarine E-19 is a new boat, the last of a series of that letter listed being No. 18.

## Bulgaria Is Twelfth Nation to Enter War; Accepts Highest Bid

The decision of Bulgaria, the twelfth nation to enter the war, to join the ranks of the belligerents on the side of Germany, Austria and Turkey was reached only after a diplomatic battle waged for months. Bulgaria represents the Teutonic allies and the quadruple entente. Each side offered tempting inducements in an effort to gain another ally, but the Bulgarian government finally decided Germany had the best friends and made the higher bid.

Bulgaria is rated as one of the most powerful of the Balkan states. Her army, while considerably smaller than that of her neighbor, Russia, is said to be well equipped. Her military strength on a peace footing is only about 50,000, but in time of war she is able to put into the field something like 300,000 men.

**First Diplomatic Victory.**  
The first important victory of German diplomacy was scored when Turkey was induced to cede Bulgaria territory along the line of the Devedaght railway. In addition to this it has been reported that Bulgaria has promised a concession of the frontier north of Adrianople as far as the Black sea, whereby the district of Kirk Kilisse would revert to her. She also is said to have pledged efficient help in obtaining the whole of Macedonia, including the so-called disputed part of the Balkan peninsula.

Along the Aegean sea to the Struma, as well as part of Dobruja. Bulgaria ordered the evacuation of her army September 21. October 3 Russia sent an ultimatum to Bulgaria demanding that she break the central powers, within twenty-four hours, and the Russian demands were rejected and the quadruple entente were severed. The same day Bulgaria sent an ultimatum to Serbia demanding that she evacuate the Serbian army from the Balkans, and October 8 issued a manifesto announcing her decision to enter the war on the side of the central powers. Bulgarian troops actually invaded Serbia about twenty-four hours before war was declared.

**PLAY FOR SIAMESE CUP.**  
Closed Golf Tourney for Trophy Starts at Chevy Chase.

The annual Siamese cup golf tournament of the Chevy Chase Club starts today with a good field of players. Round of eighteen holes will be covered today, tomorrow and Friday and Saturday the semi-finals and finals are being played. The tournament is being played on the last day of the season. The golf committee has set the time for the starting of the matches and as a result almost all will be played in the afternoon.

This is the eleventh year of the trophy and but one man, E. M. Talcott, has succeeded in winning it in the annual events. Three wins are necessary for permanent possession of the beautiful trophy.

Following are the winners since the cup first was played: C. L. Tuckerman, 1906; E. M. Talcott, 1907; Horace Wylie, 1908; C. G. Treat, 1909; Ashmead Fuller, 1910; John H. Barker, 1911; E. M. Talcott, 1912; Samuel Dailzell, 1913; and J. A. McIlhenny, 1914.

The course of the Chevy Chase Club is in prime condition at present and this morning was almost crowded with players. The splendid weather and the fact that numerous tournaments are coming up probably accounted for the energy displayed by the different players.

**NOW PRESIDENT OF VASSAR.**  
Henry Noble MacCracken Inaugurated With Elaborate Ceremonies.

POUGHKEEPSIE, N. Y., October 13.—Inauguration of Henry Noble MacCracken as president of Vassar College with elaborate ceremonies, in which college notables of America and foreign countries took part, was the chief event of the last day's program of Vassar's semi-centennial celebration today.

In discussing academic problems, the president, after a brief address, went over the situation of the college with a view to placing Vassar out of the class of institutions offering special courses with optional training. The inference was drawn that under President MacCracken Vassar will be conducted along much the same lines as during the term of his predecessor, James Monroe Taylor, who retired last year.

**Night School Enrollment, 2,294.**  
That the enrollment in the public night schools will be more than 2,500 by the end of the week is the belief of the officials today. Already 2,294 students have entered the classes. Of this number 1,400 are in the white schools and 894 in the colored.

## START FIFTH GAME LAUNCH 21-D, ALTHOUGH DELAYED BY TRAIN

(Continued from First Page.)

the envy of many of those not so fortunate. By the time the bleachers were opened thousands of men and boys were awaiting eagerly to gain admittance to the park.

The fact that Boston has won three of the four games played did not appear to depress the interest in today's contest and the demand for tickets equalled if it did not surpass that of the opening game. Frantic efforts were made by those who made application for reserved seats and did not obtain them at the advance sale to get in touch with holders of tickets who would not be able to use them today.

These individuals, however, were hard to find, as most of all those who attended the first two games held onto their third-day tickets and were in their seats when the game began. Those who held back until the last moment hoping to obtain reservations at a discount also were disappointed.

**Speculators Still Active.**  
Speculators, as on the two previous days, demanded greatly advanced prices for what tickets they had. These were eagerly sought, but still thousands of anxious fans were unable to gain admittance to the park.

The presence of Gov. Brumbaugh and members of his official family to represent the state and Mayor Blankenburg, representing the city, gave today's contest an official flavor.

It was the first game of the series that the governor, who has just returned from an automobile tour of Pennsylvania, has been able to attend. Like President Wilson and Mayor Blankenburg, he is an enthusiastic follower of the game.

There was very little Philadelphia money in sight here, either on today's game or the final series of games, some bets were placed, however, at odds of 3 to 1 that Boston would take the series and 5 to 1, and even money that it would win today.

**Fans Cheer the Red Sox.**  
Philadelphia fans played no favorites today, and the Boston club received a friendly greeting when Manager Carrigan led his men on the field. The players felt the warm sun and they went about their practice with the snap of a team playing in midsummer form.

"Another day will be fit to play," said Manager Carrigan, "but I may as well get the boys out on the field now. Babe Ruth, he's got plenty of stuff on the ball and the carpenter just got his right arm back, hence copying to pop his long drives over the fence."

Manager Moran, however, expostulated to be sent against his men, for he directed his right-handers, McCulligan, Tincep and Demaree, to give the home folks their batting practice. May went to the rubber and shot the ball over the pan while the Red Sox brandished their war clubs in batting practice. A number of spectators commenced their fielding work-out every seat in the back field stands was filled.

## PRESIDENT WILSON LAYS CORNER STONE OF ARLINGTON MEMORIAL AMPHITHEATER

## BABY GIRL BEQUEATHED BY WILL'S PROVISIONS

Mrs. Hattie C. Liesch's Last Testament Is Formally Filed for Probate.

The last will of Mrs. Hattie C. Liesch, dated May 10, 1915, and offered today for probate, provides only for the care, custody and control of her infant daughter, Mary Elizabeth Liesch, born April 17, 1910.

No reference is made in the document to any property, real or personal.

The unusual testament reads: "I hereby give and grant unto my daughter, Mary Elizabeth Liesch, the full care, custody and control of my beloved child, Elizabeth Mary Liesch, born April 17, 1910, for the reason that my said parents have, on account of my circumstances from the time of her birth, shared with her mother, and I desire to provide for her future life, and in the full knowledge of the strong bond of love and affection existing between my child and my parents."

"I hereby entreat that no person shall attempt to interfere with the carrying out of the provisions of this my last will, made in the face of impending dissolution."

Witness Wilton J. Lambert, who filed the will for probate, stated that the parents of the child had separated and the wife had been living with her mother. The grandparents in submitting the last wishes of their daughter hope, he said, to retain custody of the baby.

**Heirs of Robert Portner  
TO SHARE IN TRUST FUND**  
Decree Signed by Justice Anderson Divides Estate Among the Children.

The ten heirs of the late Robert Portner, millionaire brewer, who died in 1906, will share equally a trust fund of about \$1,000,000, forming a part of their father's estate, which was divided among them by the expiration set by their father for the trust estate. A decree signed today by Justice Anderson, presiding in Equity Division 1 of the District Supreme Court, held that the provision of the will creating the trust fund should be distributed for thirty years after the death of the testator violates the law against perpetuities and is void.

Robert Portner's will named the American Security and Trust Company as trustee and directed that one-half the income from this trust fund should be paid to the children of the testator and the other half distributed among the ten children. At her death the total income of the trust fund was \$100,000. Mrs. Portner died in 1912, and the children, being all of age, desired to have the trust fund distributed to them.

Suit was instituted by the heirs, at which time the wife of Representative Flood of Virginia, against the trustee to have the court construe the will of the testator. The trustee submitted the matter to the court for instructions.

Attorneys Hoehling, Peelle & Ogilby represented the children and attorneys McKenney and Flannery appeared for the trust company.

**CAN'T AGREE WITH FORD.**  
General Manager Couzens Gives Up Active Direction of Factory Work.

DETROIT, October 13.—James Couzens tendered his resignation as vice president and general manager of the Ford Motor Company yesterday, but will retain his interest in the firm and will remain a member of its board of directors. He has simply given up active work in directing the affairs of the plant, according to Mr. Ford.

"I could not agree with Mr. Ford's public utterances with reference to the automobile and other subjects of world interest."

The resignation was accepted at a meeting of the board of directors. James Couzens was elected general manager and Edsel B. Ford, son of Henry Ford, was named to succeed Mr. Couzens as secretary of the organization.

A financial statement for the last ten months shows that assets of the company have increased from \$1,632,257 to \$4,855,840. Cash on hand and given is \$2,788,151, an increase of more than \$1,000,000.

**Effort to Save Young American.**  
Gustav W. Triest, father of Kenneth Triest, a young American, held as a spy in Great Britain, today called on Counselor Folk at the State Department with his attorney. Affidavits and correspondence were presented to prove that young Triest is mentally unbalanced and that efforts are being made upon that basis to save him from execution.

## SOME SPIRITED PROTESTS MARK EXCISE HEARINGS

Board Finishes About One-Fourth of Scheduled Sessions on License Applications.

The excise board today finished with about one-fourth of its scheduled hearings on liquor license applications.

Several spirited protests marked the morning session. James O'Donnell's application for a license at 333 Pennsylvan avenue southeast was opposed by Merrill Blackburn, vice president of the Washington Civic Association; Rev. J. Phelps Hand, pastor of Trinity M. E. Church, and others on the ground that the saloon is located in the vicinity of a number of churches.

Attorney A. E. Shoemaker, appearing for the Anti-Saloon League, urged the board to consider the case carefully, declaring that the people of Capitol Hill do not want saloons in that section.

He stated that the saloon is within 400 feet of the Metropolitan Presbyterian Church, at 4th and B streets. Attorney Alexander Bell appeared for the applicant.

Mrs. Caroline B. Stevens, president of the Temple School, appeared in protest against the granting of a saloon license to Luthie McMillan at 1421 G street northwest.

Attorney Shoemaker contended that the Temple School should be regarded as a public school, and that it places the McMillan establishment in the prohibited zone as defined by the Jones-Works law.

Another application that developed objection was that of Theodore Walter for a saloon at 1001 C street southeast. A written protest signed by a number of property owners against the granting of this application, on the ground that the saloon is in a residential district, was filed with the board.

The excise board has under consideration a protest against the selling of intoxicating liquors on 7th street between the sites of Central and McKinley schools.

It was filed with the board yesterday by Frank Daniel, principal of the McKinley School, and bears the names of fifty-eight teachers.

**ACCUSED OF VIOLATING  
COUNTERFEITING LAWS**  
Albert Wallenstein Held by U. S. Commissioner for Action of the Grand Jury.

Pleading guilty to a charge of violating the counterfeiting laws, the allegation being that he had made a copper plate of twenty-dollar bank note, Albert Wallenstein, a waiter, was held for the action of the grand jury in \$2,500 bonds today by United States Commissioner Anson S. Taylor. He was unable to furnish bond, and was taken to jail.

The hearing before Commissioner Taylor was attended by Assistant United States Attorney Charles Bendheim, who asked that bond of \$2,500 be required of Wallenstein. J. M. Nye, a secret service agent, and Detective Patrick O'Brien, police headquarters, who were in the raiding party which captured Wallenstein yesterday afternoon in his room at 1126 10th street northwest, also appeared at the hearing. Wallenstein said he was guilty and waived preliminary examination.

**Arrest Follows Disclosure.**  
The arrest of the defendant, who says he is an Austrian, twenty-nine years old, was made following information given the secret service department by the proprietress of a boarding house where Wallenstein had once lived.

Wallenstein said he had been in this city eight or nine years. His wife and three children, who had lived here with him, it is stated, left the city ten days ago to visit a relative of Mrs. Wallenstein, who has been ill.

**Accused Man Explains.**  
Wallenstein today was taken before Commissioner Taylor for a hearing. He declared he did not make the engraving of a twenty-dollar bank note on the copper plate for the purpose of counterfeiting money, but desired to learn the engraving trade and that he was only practicing.

Wallenstein said he had been in this city eight or nine years. His wife and three children, who had lived here with him, it is stated, left the city ten days ago to visit a relative of Mrs. Wallenstein, who has been ill.

**TO ADDRESS TAILORS HERE.**  
Frederick C. Cronborn to Speak on Organization.

Frederick C. Cronborn of New York and Chicago, author and publisher of fashion and style books and a sartorial artist of note, is to deliver an address on organization at a meeting of tailors and cutters and those engaged in allied trades to be held at 1411 G street northwest tonight. Mr. Cronborn has been instrumental in organizing several associations in connection with the tailoring trade. An endeavor now is being made to unify the different branches of the tailoring industry into one huge organization that will have political as well as social standing, and in this manner bring Washington out as one of the style centers of the country.

Jacob Eller, fifty, a shoemaker of Ragsdale, Md., committed suicide at Atlantic City, where he went to visit relatives.

## MISS MINA GOETZ DIES AT HER HOME IN THIS CITY

Was Connected With the Public Schools of District for Quarter of Century.

Miss Mina Goetz, connected with the public schools of the district for a quarter of a century, first as a teacher and later as a librarian, died last night at her home, 3640 Newark street northwest. Death was due to apoplexy. She had been ill but four days.

Miss Goetz was a native of Washington and had been educated in the public schools of the city. She was graduated from Central High School in 1888, and in 1889 from the Normal School. She was appointed the same year to the first grade in the Jefferson School. In 1892 she was promoted to the third grade in the Seaton School. In January, 1895, she was placed in charge of the teachers' library, then located in the Franklin Normal School and now at the Wilson Normal School.

**Well Qualified Librarian.**  
She studied at Wellesley and also at the University of Chicago, but was not graduated from either. She was, in the opinion of the officials of the Washington schools, peculiarly qualified for the position of librarian.

Stephen E. Kramer, assistant superintendent of public schools, said today that he was certain that Miss Goetz had been a great influence in the normal school as any teacher there. She had a wide range of knowledge.

Although interested in music, philanthropy and many other subjects, she belonged to but few organizations. She was a member, however, of the Philosophical Society, the Teachers' Annuity and Aid Association and the Teachers' Immediate Relief Association.

Her brother, Louis Goetz of this city, survives her.

**Real Estate Transfers.**  
INDOLENCE.—J. Marshall Hall et ux. to Francis A. Blundell, lot 68, square 2700; \$10; stamp, 50 cents.
